

Swiss Institute of  
Bioinformatics

# Getting started with containers

# Course etiquette

---

Video on  
when  
possible

Mute when  
not speaking

# Organizers/teachers

## Coordination

- **Diana Marek:** training manager at SIB

## Teachers

- **Rafael Riudavets Puig**
- **Antonin Thiébaut**
- **Joana Carlevaro Fita**

# Learning outcomes

- Understand the basic **concepts** and **terminology** associated with virtualization with **containers**
- **Customize, store, manage** and **share** containerized environments with **Docker**
- Use **Apptainer** to run containers on a shared computer environment (e.g. a HPC cluster)

# Learning experiences

- Lectures
- Poll questions
- Exercises

# Question 1-4

# Communication

- Course website:

<https://sib-swiss.github.io/containers-introduction-training/>

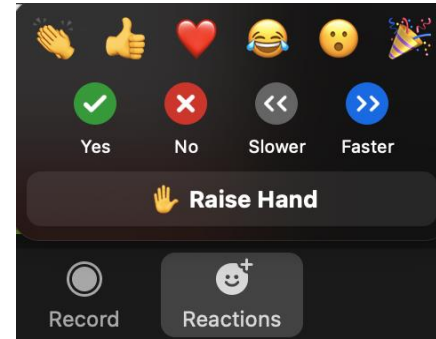

- Slack

- Google docs:

- Login to the server
- Exam – Add your name if you plan to take it
- Link to feedback form

# Asking questions

- During lectures:  
zoom functionality

- During exercises:
  - General knowledge questions on google docs
  - Specific/technical questions write on zoom (DM/general chat)

# Introduction round

- Current job/study
- Why you are joining this course
